A. Device to be used for appearing in the test:

a. **Desktop/Laptop** - We recommend all students to appear in the test through a Desktop/Laptop with an embedded Camera / separate Web Cam unit. Proctored Online Test has a smoother experience in Desktop/Laptop. Please note that a working embedded Camera / separate Web Cam unit is mandatory. Please note that in case you do not have a Web Camera, you will not be able to take the examination.

b. **Tab/Mobile Device** - In case students are not able to arrange a Desktop/laptop, then they should appear in the test through Tab/Mobile device. While appearing in the test through the Tab/Mobile device, it is very important to follow the following instructions.

i. If you have access to WIFI. You should keep your mobile on airplane mode, but WIFI should be on and connected.
ii. In case you do not have access to WIFI, and you are planning to appear in the test using Mobile data. Put your phone on Do Not Disturb mode which silences calls, messages, and notifications.
iii. Tab/Mobile Device should be kept on stand such that the camera of the device should be able to clearly always see your face.

c. **IPHONE Users** - Students can attempt the Exam on Mobile, Laptop / PC with camera / Webcam having good Internet Connectivity. In certain versions of Apple devices (Mobile / I-Pad / Mac book), there are enhanced security provisions which do not allow the accesses of Camera / Mike and student may not be able to proceed to attempt Exam. Therefore, android mobile may please be preferred for online Exam.

B. System Requirements:

a. **Internet Bandwidth**: The minimum required bandwidth is **512 kbps** of download and upload internet speed on each machine.
b. **Machine Configuration:** RAM - Minimum 2GB (though 4GB is recommended), Processor Speed- 1.5 Ghz and above. Preferred Operating System – Windows 10.
c. An embedded Camera / separate Web Cam unit must be available for the test.
d. Microphones are mandatory.
e. Valid ID proof – Student ID Card/Government ID Card.
f. If your internet disconnects during submission, please contact the Help centre on the given number and don't close your window.
g. Make sure that pop-up blocker is disabled on your browser. Any notifications related to antivirus, windows update, email notifications etc. will be counted as navigation.
h. Candidates taking the test on a mobile phone should make sure that no notifications, messages, calls during assessment as this will be counted as NAVIGATION. After maximum navigation warning, the test will get auto submitted. Putting your phone in **Do Not Disturb** mode is recommended (it silences calls, messages, and notifications).

C. Browser to be used for appearing in the test:

a. **Desktop/Laptop (Windows)** Google Chrome (latest three version), Mozilla Firefox (latest three version).
b. **Desktop/Laptop (MacOS)** Chrome browser (latest three version)
c. **iPhone (Mobile Device) -** Safari browser (latest three version) & iOS 14+
d. **Android (Mobile Device) -** Chrome browser (latest three version) & Android 5.0+
e. **Windows (Mobile Device) -** Chrome browser (latest three version)
f. **MACBOOK** - Only Google Chrome (Do not use Safari Browser)

D. Quiet, Well Lit and Clear Surroundings -

It must be ensured that your sitting is organized in such a place where there should be

a. Quiet Room – No disturbing or unnecessary noise
b. Proper Lighting - Everything in the camera should be clearly visible
c. Clear Surroundings - Your back should face the clear wall, i.e. No object behind. In case you do not have clear wall, we suggest putting a single light color bed sheet in your background.

E. Security Instructions:

a. This is a Remote Proctored assessment; you will be asked to capture your picture and your ID Card's picture and wait for the remote approver to verify your details. Post Approval, you will be able to start the test.

b. An Online Proctor will be monitoring your test throughout the entire duration. The proctor can Pause your test, Take Snapshot remotely and Chat with you in case of any suspicious activity. The online examination system bears Artificial Intelligence (AI) features which will be continuously monitoring the students during the entire duration of examination. It will continuously view your Live Video, your Images, and the Screens of your Laptop/ Desktop / Mobile Device.

c. Using your webcam, there will be images captured at random intervals during the test. Anyone using unfair means will be disqualified. **Be aware that during the test your pictures will be clicked and will be saved on server.**

d. Do not navigate from the test window. The test will get auto-submitted after maximum number of navigations.

e. Use of Headphone / Earphone is strictly prohibited in the test. Please ensure that you are seated alone in a room for taking the examinations.

f. Also, ensure that you are seated in a well illuminated area for taking the examination.

F. General Instructions

i. In case of complete Internet failure, submission will not be possible & the test will have to be rescheduled. In case of temporary internet outage please wait for some time and try to re-submit the test.

ii. If internet speed is unreasonably slow, images and tables in the question may take little longer to appear.

iii. This is an assessment consisting of MCQs.

iv. You can use pen paper for any calculation purpose.

v. You can go back to the previous questions using the Previous button on screen.

vi. Click on the Next button to move to the next question.

vii. You can view instructions of the test again in between the test by clicking on " ℹ " option.

viii. Please make sure that your laptop is fully charged before appearing for the examination as a measure against unexpected power outages.

ix. Please make sure you make the final submission only after completing the examination. You will be asked to confirm in case you accidentally try submitting the examination before the completion of the duration. Please note that once you make the final submission, you will not be able to take up the examination again.

x. The test will be auto submitted after the given time duration. You will not get extra time to attempt the test.

In case you are facing any technical issues during the examination, please reach out to Support team members over phone call at **080-47189190** or write to us at mettl-support@mercer.com
